## Hatched - Stories

### The Best Part?

“ All Aspects stand-out, we found the whole program to be transformative. ”

“ The journey was great but the end result and the lasting impact has been the best. ”

### The Resulting Impact?

“ Both our Organisation (Organic Matters Foundation) and our For profit Social enterprise (The Carbon Collective) has benefited from being wholly immersed with Hatched. We have gained valuable insight into our client base and can now engage, I believe, in a truly wholistic way. ”

“ Working with Hatched has helped us articulate, in concrete terms some avenues for experimentation. While people see the value of insights from strategic innovation, the organisation needed a way to use this learning to give shape to the choices we needed to make today. ”

“ We now have a clear path and a focus on what we want to do and what we stand for as a company. The decisions about our direction have been easier to since our program with Hatched. ”
